

JazzCares Nurse Navigators provide personalized support throughout treatment with EPIDIOLEX

In supporting people taking EPIDIOLEX, JazzCares Nurse Navigators can help you and your loved one stay motivated with check-ins to evaluate progress and address practical challenges.

Your JazzCares Nurse Navigator will:

- Help ensure you have the information and tools you need during initiation and throughout treatment
- Provide information on administration, dosing and titration, what to expect when starting EPIDIOLEX, and considerations for managing side effects
- Provide education on navigating life changes when living with the condition
- Help you navigate annual plan re-enrollment, insurance changes, and changes in life or transition periods that could affect insurance coverage

Your dedicated Nurse Navigator can work with you or your loved one to set personalized goals and stay on track with therapy.

Enroll in this personalized nurse support program today

To access all that Nurse Navigators can offer you or your loved one, enroll today by visiting EpidiolexEnroll.com to get started.

For additional information about the program, or to talk to a Nurse Navigator once enrolled, call **1-833-426-4243** Monday-Friday 8:00 AM-8:00 PM ET.
